**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic because it was the most reputable and customer focused company I could find when looking for an internet service provider and went with their DSL product even though it wasn't the fastest available at the time. I believe their top-notch service and focus on the customer is why they were able to roll out their fiber offering which I now have and depend upon for all my broadband needs. It seems clear to me that ATT, being late to the game with their own fiber offering, is just trying to find ways to reduce competition in the marketplace. But I believe it is vitally important to have competition in the marketplace and this is why I am opposed to the petition by ATT and their trade union US Telecom to deregulate in order to starve off competition.
